Wichita, KS 67216

I want to take this opportunity to thank you for performing at the 2008 Rushing Water Festival in Towanda. We have had a variety of performers over the last three years and I can honestly say that I thought your performance was the best we have experienced. The audience was captivated by the illusions you performed. You kept their attention and I heard comments about your performance for at two hours afterward.

Thank you for making the 2008 Rushing Water Festival a success!!

Paul Erickson
City Administrator
